

Far-O-La Debbie-Jo DRAKE*TV

by Paul Trapp

Finally, the Durham son the *world* has been waiting for has arrived; and his name is DRAKE. DRAKE is a line-bred Dellia that combine's elite type, impressive udders, great feet & legs, improves components, and yes he is TV. Did I mention Calving Ease? His unique and special customer appeal reminds us of bulls like ROY and JUROR or his cousin DUNDEE. Hold onto your socks because DRAKE is not your ordinary bull ... he's the extraordinary kind with world class udders!

 Lifetime: 1604d 51714kgM 3.6% 1884F 3.2% 1557P

Family Information

The Dellia family is the most consistent type transmitting family in the world. They are also becoming known for their management traits such as low SCS, high PLI and low Calving Ease. Household names like Durham, DUNDEE, MALIN, DIE-HARD, Throne, Dante, Derry and World Empire are all relatives to DRAKE. Patron Debbie Jo was purchased by the partnership of Tom & Rick Simon and their brother-in-law Rick Demmer of Peosta, IA. To-date Debbie Jo has over 40 sons in AI with offspring around the world. According to the U.S. Holstein Association files Debbie Jo has 3 EX and 23 VG offspring. She also has VG offspring on Canada, Japan and Europe. Two full sisters to Debbie Jo were VG two year olds along with 7 other maternal sisters; plus 2 EX maternal sisters. Many of these cows have sons at Genus/ABS and a VG full sister to DRAKE is contracted.

Daughter Information

Field reports confirm the proof information. DRAKE is an awesome udder specialist. He improves udders in every category making extremely high wide rear udders, with snug fore udders and with ideal teat placement and a deep udder cleft. Plus the udder is held high off the ground for optimal udder clearance. As you might guess from the pedigree, legs are slightly set when viewed from the side but display an exceptional foot angle and track near perfect from behind. DRAKE transmits more front end and depth of body than his sire.

Mating Information

What a fun bull to use! With his 7% CE he can be used on lots of different pedigrees. Some high type suggestions would be: DRAMATIC, KITE, ROY, GORDON, Outside, Gibson, Lee, and September Storm. Due to his ability to improve components and high TPI ranking he could work nicely on daughters of Juror Ford, Rudolph, Storm, and others.
