

# Cook-Farm DETECTIVE-ET\*TV\*TL

by Tim Abbott

Holstein enthusiasts around the world have been intrigued with this great breeding family that Cook Farms, Hadley, MA has developed. The family started nearly three decades ago with a great Elevation daughter, Fayvor. She lived to be over 15 years of age and made nearly a quarter million pounds of milk and hundreds of great descendants over the years. Combining this female line with a great sire stack, DETECTIVE should solve the mystery of breeding better cows!

 9-06 365d 15966kgM 3.7% 596kgF 3.4% 507kgP

## Family Information

The “Fayvor” family at Cook Farms in Hadley, MA has been saluted by breeders around the world for their outstanding transmitting ability. The members of this family have excellent scores and outstanding butterfat test for generations. DETECTIVE is very rare in the AI industry as he’s from 6 straight generations of Excellent cows. The foundation of this family, Elevation Fayvor is EX-95 and produced just short of 115,000 kilograms of milk in her lifetime with a 4.9% butterfat and over 5,000 kilograms of fat. DETECTIVE has a long line-up of outstanding maternal sisters 10 of which are VG or EX. Two of his best sisters are an EX Convincer and an Ex Brett. He also has two outstanding full sisters, Debut 2 who is EX-91 with over 11,000M with 4.0 fat and Debutante who is VG-88 and has nearly 12,000M and a 4.1% fat. His sire line-up is nothing short of perfection putting greats from every generation in this pedigree - DEBUT, Rudolph, Blackstar, Leadman, Mark, VALIANT and Elevation!

## Daughter Information

DETECTIVE daughters are tall and open with nice width to the rump. They tend to be straight legged with a good foot and they track very well, as you would expect, with that great width to the rump. Like much of the family, including his EX-94 dam and EX-93 Grandam, DETECTIVE daughters are snug fore uddered and they have udders with great clearance. His daughters have close teat placement and super rear udder height.

## Mating Information

DETECTIVE is calving ease and can be used on heifers. Use DETECTIVE on ROY, GORDON, JUSTY, MODESTO, S-MAN, NANSEN, MELODY and WESTMINSTER daughters.
