MGGD: Holim Heidi VG87  
Best Record: 2-02 2x 305d 9586kgs 4.83%F 463kgs 3.73%P 358kgs

## Family Information

Ranking as one of the most pre-potent bloodlines for components in Europe today, this family has produced a number of high ranking sires through the years. Dynasty's dam was one of the most contracted cows in Northern Europe in her day, and the family has received MOET's stamp of approval as individuals have graduated on a number of occasions.

## Daughter Information

Dynasty daughters have impressed the length and breadth of the UK. His type transmission is pleasingly consistent. He breeds moderate size and stature, with daughters exhibiting lovely balance, and carrying a little more condition. He will add a little flex to legs, and adds heel depth. Daughters walk sure-footedly and fluidly. He excels in the mammary department. Fore udders are blended well into the body, and rear udders are set high and wide with a beautifully deep crease. Texture is clean, and udders milk out to nothing. Owners comment on how quiet and easy they are to manage.

## Mating Information

DYNASTY is a calving ease sire and will cross well on daughters of RESULT, SKAVLAN, DIEHARD, LENOX, CONVINCER, LANTZ, MODESTO, BOMBAY
