Oakalby Albyn Brenda 5 (Dam of Celcius)

Oakalby Prestige Brenda, in her 9<sup>th</sup> lactation

**Oakalby Brend Celcius FH3173**

- Oakalby Brend Celcius is bred from the Brenda family that has done so well in David Burrough's herd in Norfolk, combining great production with longevity. Oakalby Albyn Brenda 5<sup>th</sup>, the dam of Celcius, has given two yields over 11,000 kg, whilst maintaining the power and strength that Friesian breeders are looking for. She is a grand daughter of Oakalby Prestige Brenda BFE95 (6) that was Supreme Inter Breed Champion at Suffolk Show in 2003.
- Celcius' pedigree combines two of the top ranking bulls in recent years. He is a son of Mr Frosty, who is one of the breed's highest milk bulls at +564kg, and is out of a Blackisle Glen Albyn daughter.
