### Family Information

PILOT was a live bull purchased by Tom Harkenrider from Eric Netemeyer of Germantown, IL. Germantown is located about one hour east of St. Louis, MO. The dam of PILOT has a full brother named Primer that is active at CRI. She also has a maternal sister scored VG and GP sisters sired by Bellwood, Celsius, Sovereign-Red, Micky RC, Cadon-Red, Jordan-Red plus one VG full sister. As you can see the family has done well in many different herds in the US. This unique sire stack has a lot to offer our customers.

### Daughter Information

PILOT daughter have snugly attached fore udders, centrally placed teats, nice rear udders and are held above the hock. Daughters stand on a straighter hock, track well and have a good foot. Daughters are stronger than dairy and are built to last in any environment. In fact, their Longevity and Fertility values are off the charts!

### Mating Information

Use PILOT, an ABS Sexation sire, for easy calving in the heifer pens on daughters of BOLIVER, MEGATON, ALTON, GRANVEIW, DRAMATIC, TOUCHDOWN, FREDRICK, REECE, MALIN, JINGLES and GARRISON.
