Genus Breeding

Shottle Daughter Scores EX94 in Germany

A first crop daughter of Picston Shottle EX96 has recently been scored EX94 (EX95 MS) in Germany, fresh with her third calf. Bassingthorpe Shot Daisy was bred by the Harrison Family in Lincolnshire and purchased by a German syndicate who spotted her whilst on a progeny tour of the UK. She was exported whilst dry carrying her 3rd calf and having calved a DRAKE bull she is giving 70kgs a day and looks tremendous. Daisy's owners are hoping to show her in the coming months, so watch this space!
