8	5524	305	4.14	3.57

Storley Iceman

Netta, a daughter of Stensjo

- *Storley Iceman is bred to sire high milk, high fat and high protein production. Stensjo, his sire, is regarded as one of the top production sires in Ayrshire and Shorthorn herds around the World.*
- *Iceman combines top Swedish Red and Shorthorn bloodlines and is well suited to grassland systems. The oldest Iceman daughters are now milking and are doing very well.*
