

# SANDY-VALLEY S TODD\*TL\*TV

By Susie A. Martin

TODD descends from the DIE-HARD line of the Dellia family and he is the first proven SHOTTLE son from the Dellia family. TODD follows the tradition by siring cattle with desired type designed for longevity. He combines balanced type, appealing udders, high components, and low somatic cell count. TODD is a SHOTTLE son from the Excellent full sister to SANDY.

## Pedigree Information

     1<sup>st</sup> Runner-up in Queen of the Breed 2 Contest  
 5<sup>th</sup> Dam: Snow-N Dorys Denise EX-90 2E GMD DOM  
     Lifetime: 1604d 51,820M 3.6%F 3.2%P

## Family Information

Juror Ford is the sire of TODD'S Excellent dam Tangerine. Juror Ford's strengths include fat and protein test, longevity, SCS, fast milk out udders, strength and body depth. Tangerine was a beautiful, stylish black cow that fortunately had inherited the best traits of her sire and dam, Rudolph Tatum. Tangerine recently had a BOLTON son sampled 29HO14484 TURBO. Tangerine has several maternal sisters with sons at ABS. Titanic Tiasa has a Buckeye son at ABS 29HO13730 THRASHER. Laudan Tat VG-87 has a Jose son 29HO14035 CREDIBLE and Zenith son 29HO14033 TECHNO at ABS. O-man Tomah VG-89 has several sons at ABS including 29HO14162 THUNDERBUCK & 29HO14163 ORION sired by BOLIVER, 29HO14417 DAMON sired by Mac and 29HO14495 DINGO sired by DIE-HARD. TODD'S grand dam Rudolph Tatum is a maternal sister to DIE-HARD. TODD joins Dellia favorites including SANDY, HAMEL, DIE-HARD, DRAKE, DUNDEE, MALIN, Durham, and Mac, just to name a few of them. TODD was bred by Sandy-Valley Farms, Scandinavia, Wisconsin and this is one of the many exciting families at Sandy-Valley Farms.

## Daughter Information

The Todd daughters have been wide-bodied, boldly sprung cows. They are moderate sized cows that display plenty of strength and power. They have shallow, firmly attached udders with a deep cleft and close teat placement. They have a slight set to the hock and walk on a deep heel. They are very rugged cows that are suited for all environments. TODD should be used on open-ribbed cows that have height and width to the rear udder.

## Mating Information

TODD will work well on the daughters of BOLTON, GARRISON, WINDBREAKER, MANGO, Toystory, LIN, BOLIVER, JAMMER, DYNASTY and Sirius.
