

## 29HO11630 JEFFANA OUTSIDE VOYAGE-ET\*TV

By: Susie A. Martin

VOYAGE offers a modern pedigree combining Outside and Mtoto; which are two highly respected second crop bulls with milking daughters around the World. They are both at 99% reliability, rank high for Productive Life, Daughter Pregnancy Rate and Somatic Cell Score with respectable NMS\$ and TPI rankings.

     Best Record: 3-05 2x 365d 30650M 3.2% 987F 2.8% 850P

### Family Information

Take a trip to the beautiful dairy facility of Jeffana Holsteins, Jeff & Diane Henschel of Manawa, Wisconsin and you will find the family members of VOYAGE. They are noticeably impressive and have performed extremely well for the Henschels. The backbone member of VOYAGE'S family is the EX-92 Mascot Anne who was a class cow combining production, style and pedigree. Anne is the dam of the Emery son 29HO9569 ABE. In addition, the calving ease specialist 29HO10584 SAUL hails from this cow family. SAUL is the Aaron son from the VG-86 Terry Heather from a VG-88 Mandel then the EX-92 Anne. VOYAGE'S dam, the EX Mtoto Annette has several Very Good daughters including VOYAGE'S full sister the VG-85 Jeffana Outside Velvet-ET.

### Daughter Information

VOYAGE sires what you would expect when crossing Mtoto and Outside, a modern day frame, medium size cows with strength, minimum dairyness and desirable udders. The ABS Progeny Promotion team notes the VOYAGE daughters have higher than wide rear udder attachments with youthful long fore udders. They have strong built frames with slope to the rump.

### Mating Information

VOYAGE will cross well with daughters of BRADLEY, ALTON, GARRISON DRAMATIC and the daughters of the BW Marshall sons (Toystory, Lou, Buckeye, Billion, etc).
