**6. DAM: Willem's Hoeve Rita 43 VG**

107 tonnes lifetime

*Willem's Hoeve Rita 257 VG87 2YO  
Half sister to Terry*

*Willem's Hoeve Rita 9309 VG87*

**Willem's Hoeve R Terry HO1149**

One of the top cow families in the world in any colour is the Rita's, bred and developed at Willem's Hoeve. Tracing back to some fantastic, high lifetime yield cows, the Ritas consistently breed high type and great production. Third dam is one of the best Lord Lilys in the world, who went on to breed some fantastic daughters. Rita 282, a VG88 two year old was flushed to Lightning producing four daughters, all of which are scored high VG. Rita 9309 is one of these daughters who has already bred two VG Red daughters herself. The opportunity of a Red Rita is very exciting, and Terry is a smart, and stylish young bull, bred to deliver good type, long lasting cows, and plenty of protein
