

29HO11932 MORNINGVIEW LEGEND-ET*TL*TV

By Paul Trapp

LEGEND truly is named correctly as he comes from a legendary family...the Lead Mae family! LEGEND is backed by 9 Generations of VG and EX cows with many cows over 100,000 lifetime. Plus he has a very modern sire stack being an O-Man x Durham x Bellwood x Leadman x Blackstar x Jason x VALIANT! LEGEND may be the breed's greatest O Man son!

Pedigree Information

Sire: O-Bee Manfred Justice-ET EX-94
Dam: Crockett-Acres Drhm Mae-ET VG-87 GMD DOM

5th Dam: Juniper Jason Maria VG-87 DOM
6th Dam: JDM-Pride Valiant Maggie EX-91 @ 7-5 GMD DOM

Family Information

LEGEND's dam, Durham Mae sold as a just fresh two year old at the Mayerlane Dispersal in 2002...when the hammer dropped, Tom Schmitt of Morningview was the new owner. To date, Durham Mae has VG daughters sired by Morty, Finley, O-Man (2), plus EX daughters by Morty and Champion. Durham Mae has VG maternal sisters by CONVINCER, Emerson, BWM (2), Lheros, Durham and one EX sister sired by Igniter. Lead Mae was a tremendous cow and one of the best uddered cows I have ever seen. She has EX daughters by Bellwood, Rudolph, Wade, BWM (2), Durham and Skychief plus numerous VG daughters. This family has expanded into many herds across the US like Virgil Kronberg in CA, Wallman Dairy in NB, Indianhead Holsteins in WI, Emerald Acres in WI, Stan Larson in WI, Alan Koebele in IL, Terry Stammenen in OH plus many others. The Lead Mae family has been successful in all these herds as many of these herds have sons sampled at ABS from the Lead Mae family. Durham Mae has a Finley son (29HO11824) and her only SHOTTLE son (29HO13408) sampled at ABS. LEGEND's VG full sister O-Man Libby has two sons sampled at ABS...29HO13664 sired by Buckeye and 29HO13639 sired by Zenith. Recent Primetime Genetics bull, 29HO13383 MAHOGANY is a SHOTTLE x EX-92 Durham x Lead Mae. This past summer at the Global Glamour Sale, Wabash-Way (SHOTTLE) Emilyann VG-88 x VG O-Man x VG Motto x EX Rudolph x Lead Mae sold for \$630,000!! Plus her BOLTON daughter sold for \$205,000!

Daughter Information

LEGEND will make daughters that are tall, long framed while increasing overall body depth and width. Rear udders are high and wide but like his sire O-Man, seams have average depth. Daughters have excellent feet and legs as they track super when viewed from behind and stand on an extra deep heel and are slightly straighter in the hock. He also will add some slope to the rump. Field reports confirm that the LEGEND daughters are getting back in calf easily.

Mating Information

Use LEGEND in the milking string on daughters of FREDERICK, TOUCHDOWN, MALIN, GARRISON, BOLIVER, DIE-HARD, PIPPEN and MANGO.
