-Klooney K42 was the 2nd highest selling bull at the Millah Murrah sale in September 2015 at \$80,000, making him the 5th highest selling Australian Angus bull of all time.

-Klooney is the first calf of Prue H4, arguably the best Emperor daughter to turn up in the breed thus far.

- Klooney should become a go to sire for many heifer programs based on his great EBVs for CE, GL and BWT. Throw in his actual 36 kg BWT, his impeccable structure and the fact that Klooney, his dam and grand dam all carry the title of "heifer's first calf" and the strong calving ease EBVs are reinforced. Klooney is clearly a bull with massive cow maker credentials.

GENUSBEEF. PROVEN TO BE THE BEST.

MILLAH MURRAH KLOONEY K42
